About This Game

The Snake we all know and love shed its skin and took the plunge into VR. Your job now is to leap astride the fire-breathing dragon and save the ancient East from a demon invasion. Just don't be in too much of a hurry — there are plenty of obstacles and mini-quests scattered throughout the levels, and your own tail will eventually become your toughest adversary. It's less speed and more thinking ahead that will take you through to victory!

Features

- Classic mechanics with a control system developed specially for VR that offer a new look at an old favorite
- Lots of levels resplendent with the colors of the ancient East
- Dangerous opponents and clever traps there to catch anyone who lets their guard down

-
- A variety of bonuses and abilities that help overcome obstacles and get the good guys out of tight spots
 - Difficulty settings to make sure everyone can enjoy the game exactly the way they want to

Several game modes

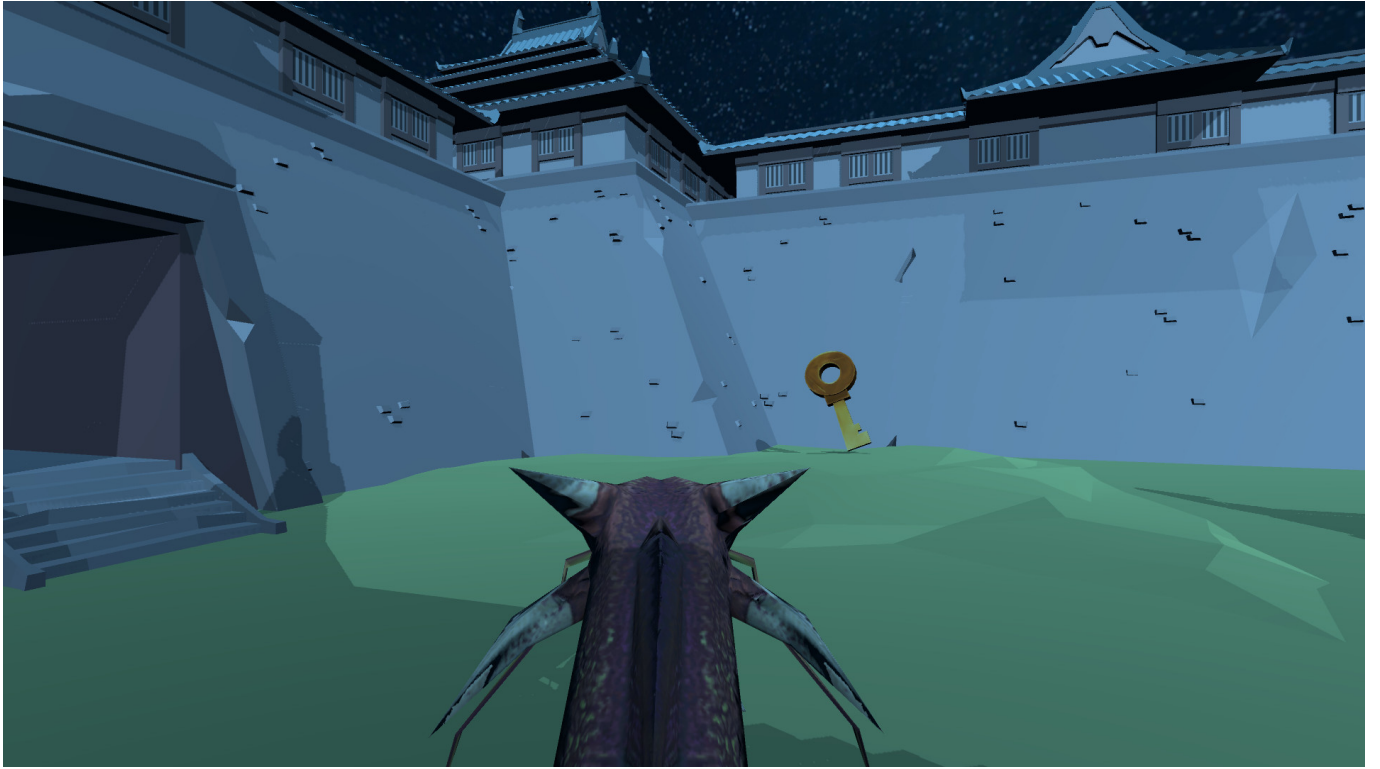

- Campaign – Learn the secrets of the ancient East as you stop the demons
- Speed – Make a name for yourself among the fastest to play the game
- Free – Without traps, just keep an eye on your tail
- And more!
